

# MARIELLE C. PAITAN

Marilao, Bulacan | +63 907-123-7990 | pmariellexiv@gmail.com | www.linkedin.com/in/pmariellexiv

## EDUCATION

### Our Lady of Fatima University (OLFU)

Bachelor of Science in Computer Science

**Achievement:** Dean's Lister

Valenzuela City

2021-2025

## INTERNSHIP AND LEADERSHIP EXPERIENCE

### Department of Information and Communications Technology – ICT Literacy and Competency Development Bureau

*Intern | Office of the Director*

- Collaborated with co-interns in the quality assurance of laptop devices for beneficiaries.
- Team collaboration to develop a calendar system and document tracker using Google Sheets.
- Assisted in data entry, record maintenance, and spreadsheet creation.
- Scanned and organized documents for proper filing and digital record-keeping.

Karuhatan, Valenzuela

February 2025 – May 2025

### Social Orientation and Community Involvement (SOCI)

*Secretary*

- Monitored and maintained records for organization members and participants.
- Coordinated and led some participants in Microsoft Word and PowerPoint fundamentals.

OLFU – Valenzuela Campus

2023-2024

## PROJECTS

### Software Engineering Python Project: Facial Recognition Attendance Management System with Database Integration

*Front-End Programmer*

- Created the graphical user interface (GUI) of OnTheClock, as the front-end developer using PyQt and Tkinter.
- Initially, we learned about using SQL for the database, but we later shifted to Firebase to take advantage of its online and real-time database capabilities.
- Developed a simple website using HTML and CSS that connects directly to the database and the app, enabling user registration.

November 2023 - April 2024

### Bewitched Brew – A Unity 3D game (C#, Blender), inspired by Overcooked

*Programmer and Designer*

- Design animations for the game, create some UI in Unity 3D, and add some sound effects to the game for a better experience.

September 2024 - December

2024

### Object-Oriented Programming Personal Project: Umbreon – A HoYoverse game-inspired website, unfortunately, it's not responsive.

2023

## SKILLS

**Tools:** Visual Studio Code, Canva, Blender, Unity 3D, Firebase, MySQL

**Technical Skills:** Python, ReactJS, HTML/CSS

## TRAINING AND CERTIFICATIONS

Database: MySQL Training - DICT-ILCDB

April 2025

PCAP: Programming Essentials in Python - Cisco Networking Academy

December 2025
